

Door SPA mini

Wall-Mounted Payment Terminal

Door SPA mini payment terminal offers a compact and space-saving solution for a paid access, that guarantees a sufficient level of security for the customer's premises.

Payment terminal directly controls electromagnetic door lock. It is unlocked after a successful ticket purchase (cash or card) and visitor is allowed to enter respective doors.

A colored display provides intuitive navigation during the ticket purchase. It allows personnel to show the takings and closing balance.

Benefits

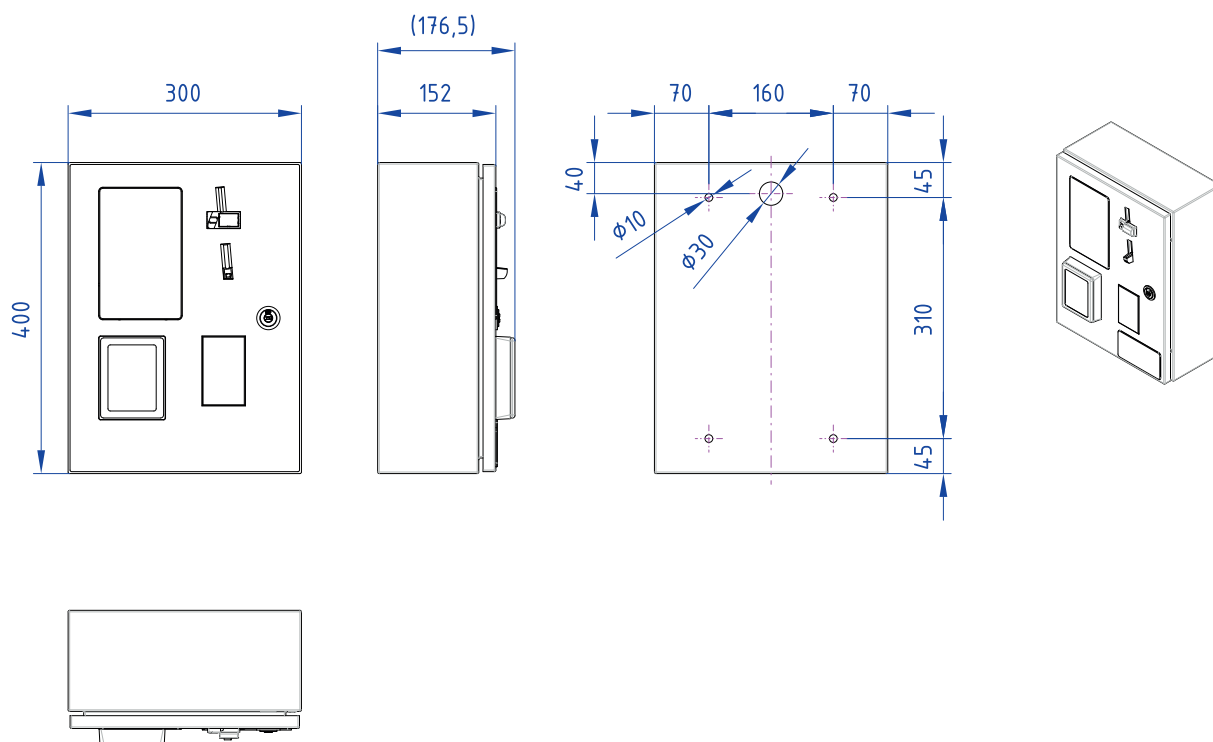

- Intuitive display interface
- Barrier-free solution allowing to leverage available space
- Economic solution with high return of an initial investment
- User-friendly product design
- RFID reader for personnel access

Door SPA mini
